*Specializing in Healthy Lawns:
Irrigation + Fertilization + Weed Control*

Commercial Maintenance Services for the 2022 Season

Spring Cleanup

- * Power-rake lawn with de-thatching machine
- * Weed eat around posts & along buildings
- * Rake heavy areas to pick up excess dry grass
- * Mow lawn with a bagger for final clean-up

Irrigation Spring Tune-up

- * Start up the Irrigation System
- * Check and test valves & connections
- * Adjust and clean sprinkler heads as required
- * Setup watering times on irrigation controller

Weekly Mow & Trim

- * Weed eat around posts & along buildings
- * Mow grass, with mulcher on machine
- * Blow off grass & debris from sidewalks
- * Service provided May thru September

Irrigation Fall Blow-out

- * Blow out all irrigation lines in each zone
- * Inspect valves & irrigation heads for damage
- * Shut down the irrigation controller

Fertilization Programs

- * Slow-release, granular fertilizer is applied to the grass areas
- * 1-3 applications (spring, mid-summer, early-fall)

Edging

- * A power edger is used to trim overgrown grass from along sidewalks, driveways, pavement and concrete edging
- * Provides a nice clean edge between grass areas and hard surfaces

Weed Control

- * A herbicide is applied to kill growing weeds
- * **Type "A"** w/c spray eliminates unwanted weeds such as dandelions, clover and chickweed from grass areas
- * **Type "B"** w/c spray eliminates common broadleaf weeds and grasses in areas where no vegetation is desired, for example, in gravel areas

Monthly Contracts (customizable)

- * Spring Cleanup
- * Weekly Mow & Trim
- * Fertilization Program
- * Weed Control - type A, type B
- * Shrub Beds (cleanup, target weed control, etc)
- * Pruning Shrubs & Small Trees (spring or fall)
- * Irrigation Spring Tune-up
- * Irrigation Fall Blow-out
